## **DETAILED ACTION**

### ***Reasons for Allowance***

1. Claims 1-5 are allowed.

**2. Examiner's Statement of Reasons for Allowance:**

Applicant(s) invention relates to an electro-hydraulic unit, and more specifically, to anti-lock device for the wheel of an automobile.

The system has an electric unit with an electric motor driving a hydraulic pump of a hydraulic unit, which has a ferromagnetic circuit with a flange of a particular configuration to house the motor windings and to function as a magnetic conductor, as disclosed.

There are inventions in the field that provide similar functionality and/or have similar features, as prior art of record shows. Applicant(s) invention differs from the prior art of record by the combination of its functional elements including a ferromagnetic circuit, which are performing as disclosed and claimed, and which examiner's search failed to find.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
